1. Wrap a small piece of tape around both ends of the cord; this makes it easier to slide the Miraculous Medal and beads onto the thread.

2. Take the cord and thread the Miraculous Medal onto it. Take both ends of the cord, make a loop and pull both ends of the cord through to make a tight knot; this will secure the Medal at the end of the cord.

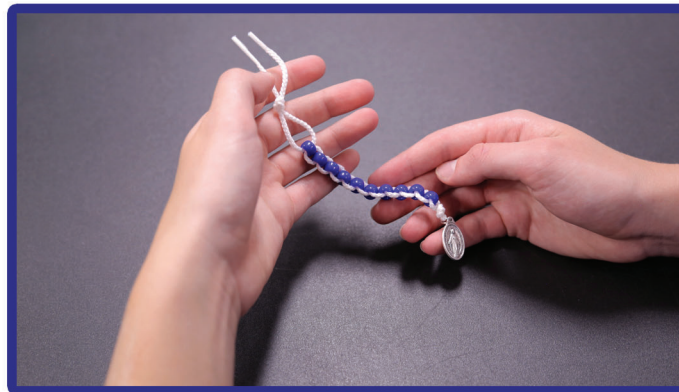

3. Take one end of the cord and thread on a bead. Then, take the other end of the cord and slide it through the bead in the opposite direction.

4. Continue Step #3 for the remaining 9 beads.

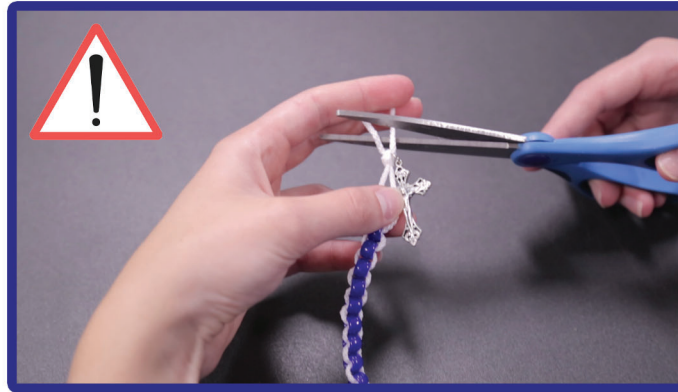

5. Secure the beads with a knot explained in Step #2. Make sure to leave a space between the beads, so that there is enough room for the beads to slide; this helps you keep your place while you pray!

6. Slide the crucifix on one end of the cord. Then, secure it using a knot.

7. Cut the cord at the knot, leaving room to melt the ends down to the knot.

8. Using a lighter, melt the cord until the ends are molded to the knot.

9. Congratulations! You now have your very own Single-Decade Rosary!

 Step requires adult supervision.
