Helping You Bring the Joy of the Faith to Your Family

José Luís Sánchez del Rio was beatified by Pope Saint John Paul II on June 22, 2004. Four years later, a little baby only a few weeks old became terribly ill. Doctors said she would soon die, because 90% of her brain was already dead. But her parents prayed every day in Mass for 3 days, asking God and Blessed José to work a miracle—and three days later, suddenly the little girl opened her eyes, smiled, and started to laugh with her mother and the doctors! This was the miracle the Church had been waiting for! So, on October 16, 2016, José Luís Sánchez del Río was canonized by Pope Francis. **Saint José Luís, pray for us!**
